

## DNA TEST RESULTS

ISAG institutional member no. 129553

### Testing requested by:

Ms Jackie Hunter  
P O Box 1372  
Atherton Qld 4883  
AUSTRALIA

**Report date:** 11 August 2021

### Dog Breeding Science

40 Boronia St  
Redfern NSW 2016  
AUSTRALIA

ABN: 65 117 439 586

### Dog details

**Name:** Imrie Creek Byron  
**Stud book ID:** -  
**Microchip:** -  
**Sire:** Allambie Gucci  
**Sire registration:** -  
**Dam:** Allambie Bingle  
**Dam registration:** -  
**Date of birth:** -  
**Sex:** Male  
**Colour:** Red & White

### Analysis details

**Sample received:** 05 August 2021

**Analysis started:** 10 August 2021

**Analysis complete:** 10 August 2021

**Laboratory sample ID:** DBS21016889

### Pedigree

A DNA profile has not been requested.

### Appearance and health

Test	Genotype	Comments
* Cerebellar abiotrophy marker (LINGO3)	C C	Negative for the CA: LINGO3 marker
* Cerebellar abiotrophy marker (VMP1)	C C	Negative for the CA: VMP1 marker

\* These tests are marker tests. We classify a test as being a marker when it does not cause that trait, but is statistically associated with it. This means that in a minority of cases an animal can test negative but still have the trait, or conversely test positive but still lack the trait. Some tests are classified as markers because environmental triggers are required to make the trait apparent.
